SCOOBY-DOO, WHERE ARE YOU? #98

When the Mad Scot invades a local festival, it'll take more than a noisy pipe and drum band to scare it away. The Mystery Inc. gang will search all highland and lowland to capture him. Lang may your lum reek, Scooby-Doo—you're a long time dead!

©HB (s19)

TEEN TITANS GO! #34

The Titans get swept up in a 73-hour dystopian teen movie marathon, then reenact "The Hungry Games" when they realize there's only one slice of pizza left! And when a meatball-making contest sponsored by a local Jump City joint (first prize: free heroes for life!) provokes an intense Beast Boy/Cyborg rivalry, it spells certain disaster...for our "Meatball Heroes" and the poor restaurant.

©DC (s19)

LOONEY TUNES #249

If you can't catch them, stop them! When Wile E. Coyote installs new traffic lights throughout the desert to slow down the Road Runner, he sees more than red when they malfunction, sending Yosemite Sam and the highway patrol after him in hot pursuit. Will the Coyote be able to outrun the law if he can't out-chase a bird?

©WB (s19)

SCOOBY-DOO TEAM-UP #48

Over the years, Scooby and the gang have nabbed enough nefarious villains to fill a rogues gallery. But the tables are turned when they have to *help* a rogues gallery of the Flash's most atrocious super-villains! Can the gang rescue the Rogues from the ghost of a fellow Rogue—that sinister spinner, the Top? And if they do, can they also rescue themselves from the Rogues?
